

Financial Controller

Celsius Shipping is a fully integrated shipping company with focus on special situation opportunities in dedicated shipping segments.

Together with international partners, Celsius Shipping has built a presence within Chemical Tankers, Product Tankers, Dry Bulk, Container, LPG and LNG Carriers via timely acquisition of assets and with dedicated focus on attractive opportunities for expansion within our existing businesses.

The role as financial controller is within our finance team in Copenhagen. The team is working closely with both capital partners as well as internal stakeholders to ensure valuable insights into the financial performance of the vessels.

In Celsius we empower our finance professionals to take the full responsibility for the financial management of a fleet of vessels. This approach ensures a versatile job environment where no day is the same and where priorities can shift quickly. Celsius Shipping is a dynamic company undergoing a lot of growth, this requires good communication skills and ability to assess and adapt work processes on an ongoing basis.

Duties and responsibilities

As a financial controller you will be involved with all aspects of the financial management including bookkeeping, reporting and controlling of financials and cash flow forecasting. You will work closely with the operational team on a day to day basis to secure timely and accurate invoicing of TC-hire and payment of creditors. The job includes a wide variety of tasks, the main ones are listed below:

- Account receivables/payables
- Bookkeeping including depreciations and accruals
- Monthly bank-, debtor- and creditor-reconciliation
- Monthly and annual controlling and reporting
- Covenant reporting to banks
- Annual audit process

Requirement for the position:

As a person you are efficient and energetic with a good team spirit. You can communicate with all layers across the organization, including international partners. You are determined and structured and enjoy delivering high quality work. Our preferred candidate has a few years' experience from an audit company or from similar position in a shipping company.

- Relevant financial education within finance and accounting (HD, B.Sc. or higher)
- Fluency in English and Danish language
- Work independently but also contribute to team priorities
- Advanced user of Microsoft Excel
- Experience with Microsoft Dynamics NAV is an advantage
