

## Internship at one of the fastest growing Danish Shipping Companies

Celsius Shipping offers an attractive position as intern at our Copenhagen office, and we are looking for 1-2 candidates to start in August 2023. You will become part of a dynamic and challenging environment with a steep learning curve and strong personal development opportunities. As an intern at Celsius, you have the opportunity to gain exposure to our various departments (Operations, Chartering, Sale & Purchase, Strategy & Investments, Finance and Technical) depending on the interests of the candidate and the workload of the various teams.

Celsius Shipping was founded in 2012 and is a full-service ship owning company with a remarkable growth story. The company has offices in Copenhagen, Monaco, South Korea, China and Hong Kong.

Celsius Shipping has been one of the most active maritime investors, investing close to USD 0.5bn every year from 2015 to 2022 to have now reached a combined USD 3.9bn in total invested capital. Together with our international equity partners, we have built a strong presence in the major shipping segments via timely acquisition of maritime assets within Tankers, Containers and Gas.

Celsius is recognized as one of the leading maritime transportation investment platforms through our performance, our people and our commitment to delivering superior value to our partners. We are committed to taking active responsibility for the society and environment we operate in and are continuously working towards making ESG a central part of our strategy – from investments to operations.

In 2018, Celsius Shipping entered the LNG shipping industry by ordering two state-of-the-art LNG carrier newbuildings. Today, our total LNG carrier fleet has grown to 13 vessels, including 4 on the water and 9 newbuildings on order at Samsung Heavy Industries, South Korea. Celsius Shipping targets to grow its LNG carrier fleet to 25 vessels by 2025 and become one of the leading providers of modern and highly fuel-efficient tonnage with the lowest possible unit freight cost

### **We offer a versatile and challenging position with a steep learning curve:**

Assignments will depend on the team you end up in and may include, but are not limited to:

- Conduct market research and industry analysis
- Assist in the day-to-day operations of our fleet of vessels which includes daily interaction with crew and charterers
- Assist in management reporting for the commercial and operational performance of the vessels
- Assist in the commercial process during negotiations, tenders, closing and market information
- Support on various strategic projects across Celsius aimed at optimizing or growing the core business
- Participate in due diligence processes around transactions

- Support on analyzing and preparing management presentations regarding segment and business profitability, cost analysis and optimization

**The Profile:**

- Currently enrolled in the BSc in International Shipping and Trade at Copenhagen Business School with outstanding academic credentials (top quartile)
- Result-driven and motivated to work within shipping
- Attention to detail, a structured working approach and an ability to consistently deliver high quality results
- High energy level, team player mentality, commercially minded and flexible on working hours
- Native proficiency in Scandinavian language and strong verbal and written communication skills (English)

**We offer:**

- A challenging and rewarding job with a high degree of responsibility
- The opportunity to be part of a successful team with competent and supportive colleagues
- An attractive career path within the maritime industry
- The ability to work in a dynamic and international environment
