

Internship at the fastest growing Danish Shipping Company

Celsius Shipping offers an attractive position as an Intern in the LNG department in Copenhagen. You will become part of a dynamic and challenging business with attractive personal development opportunities for the right candidate.

Celsius Shipping was founded in 2012 and is a full-service ship owning company with a remarkable growth story. The company has its offices in Hellerup (Copenhagen) as well as Monaco, Hong Kong and South Korea.

In 2018, Celsius Shipping entered the LNG shipping industry by ordering two state-of-the-art LNG carrier newbuildings and incorporating an in-house technical management company. Today, only three years later, Celsius' total LNG carrier fleet has grown to 12 vessels, including 4 vessels on the water and 8 newbuildings on order at Samsung Heavy Industries, South Korea.

Celsius Shipping targets to grow its LNG carrier fleet to 25 vessels by 2025 and become one of the leading providers of modern and highly fuel-efficient tonnage with the lowest possible unit freight cost.

As part of a continuous and ambitious growth plan, we seek an Intern to fill a key role in expanding our business and be part of our continuous growth within the LNG industry.

As an integral part of the LNG team, you will work closely with the Department Head and Head of Operations to provide support in developing new business as well as managing the existing fleet.

You will be surrounded by motivated, skilled and experienced colleagues with a solid track record in their respective positions. Furthermore, you will become part of an environment with a unique and unparalleled recent growth story within Danish shipping.

The Position:

- Versatile and challenging position with a steep learning curve in a dynamic organization.
- Assignments may include, but are not limited to:
 - Assist in the day-to-day operations of the fleet of LNG carriers which includes daily interaction with crew and charterers
 - Assist in the monitoring of the construction process hereunder structuring of Owners benefit packages
 - Management Reporting for the commercial and operational performance of the vessels
 - Maintain and further develop Market Analysis Tools and Structuring of Databases.

- Assist in the commercial process during negotiations, tenders, closing and market information.

The Profile:

- Currently enrolled in the BSc in International Shipping and Trade at Copenhagen Business School with outstanding academic credentials (top quartile).
- Result-driven and motivated to work within LNG shipping.
- Attention to detail, a structured working approach and an ability to consistently deliver high quality results.
- High energy level, team player mentality, commercially minded and flexible on working hours.
- Native proficiency in Scandinavian language and strong verbal and written communication skills (English).

We offer:

- A challenging and rewarding job with a high degree of responsibility
- The opportunity to be part of a successful team with competent and supportive colleagues
- An attractive career path within LNG in the maritime industry
- The ability to work in a dynamic and international environment
